DATA/COM QUESTIONS

Friday, December 13th, 2013
Wednesday, December 18th, 2013

When comparing your school's 2012-13 and 2013-14 Fall Interim data, and 2013 FCAT 2.0 and 2013 End-Of-Course Assessments, discuss the following questions for reading, mathematics, science, and US History (high schools):

ALL SCHOOLS

1. Since reviewing the most recent Fall data trends, what strategies have you implemented or modified to improve the percentage of students making Satisfactory Progress, as well as, the average % correct?
2. For reading, mathematics, Algebra EOC and Geometry EOC only, considering that Fall Interim results are designed to be predictive of FCAT 2.0 and EOC performance, share specific areas of concern that will impact your school's ability to maintain or improve FCAT/EOC outcomes for 2014?
3. What specific needs does your school have that may impede progress or performance on the FCAT 2.0 assessment and/or EOC"?

HIGH SCHOOLS

4. The FCAT accountability areas of participation and performance have been reduced by 50 points each to accommodate the US History EOC for high schools. What strategies have been implemented to maximize student performance on the US History EOC?
