

Florida Diagnostic and Learning Resources System-South, operating through Miami-Dade County Public Schools, Division of Special Education, is a special education support system for educators, parents, and professionals who work with students with disabilities.

Within Florida, there are 19 FDLRS Associate Centers coordinated through the Bureau of Exceptional Education and Student Services in the Florida Department of Education.

The expected outcomes/goals for the FDLRS-South are identified by functions and include the following:

- ❖ Child Find
- ❖ Human Resources Development
- ❖ Parent Services
- ❖ Technology
