

Key evidence/artifacts available through the Response to Intervention (RtI) website include:

A Problem Solving (PS) framework based on evidence based instruction and intervention, progress monitoring, and evaluation, for ongoing tracking of individual students in making informed decisions about the student's educational and behavioral programming needs. This framework provides students who do not respond to instruction with increasingly intensive levels of intervention. Each school's RtI Leadership Team monitors the fidelity of implementation.

The RtI website also houses a plethora of resources for educators and parents including FAIR progress monitoring tools, RtI/MTSS Guide, and parent and community resources in Spanish and Haitian Creole.

RtI: Multi-Tiered System of Supports

Mission

- ❖ To support statewide PS/RtI Implementation across the school district.
- ❖ To deliver staff development, PS/RtI practices and technical assistance in order to build capacity and sustainability.
- ❖ To provide access to ALL students with the goal of student achievement.
